

BENEFITS OF THIS TREATMENT

This is a minimally invasive laser treatment that can help create a more even tone, smaller pores, smoother texture, and more radiant skin. Clear & Brilliant / Permea is a fast, comfortable, and effective treatment that is safe for all skin types. Minimal downtime is required for this treatment and can be considered a “lunchtime” procedure.

SPECIAL INFORMATION ABOUT THIS TREATMENT

Clear & Brilliant / Permea requires 3–4 treatments, 4–6 weeks apart for maximum results. Improvements will be noticeable starting around 1 month, but optimal results are seen 6 months after your first treatment. During the consultation your provider will discuss your personalized treatment plan. This treatment requires topical numbing, making it a more comfortable experience.

PRIOR TO TREATMENT

- Stop all Retin-A, Retinol, Hydroquinone, and Vitamin C Serums 2 weeks before treatment. This is required to decrease overall sensitivity. Gentleman please shave 24 hours prior to treatment.

POST-TREATMENT CARE

- Avoid the sun and all heated activities for 24 hours. Do not resume skin care regimen for 4 days. Your skin may appear red, dry, and flaking for up to 2 weeks after having this procedure. Do not pick, scratch or scrub the compromised skin. No exercising for 24 hours after treatment.

CONTRAINDICATIONS

- You are not a candidate if you are pregnant, breast feeding, recently on antibiotics, or have been on Accutane in the last 12 months.
